

WE VALUE THE GIFT OF LIFE - CONCEPTION

Hello. I am one of God's little ones – a new person. My life started at my conception on January 22, 2009. From that first moment, God chose all the characteristics that make me one of His unique creations like: my eye color, my height, the color of my skin, my hair color and my gender. He is good and holy and has a special plan for my life. Please pray to Our Lady of Guadalupe for my mom and me. *“You formed my inmost being; You knit me in my mother’s womb. I praise You, so wonderfully You made me, wonderful are Your works!”* (Psalm 139:13-16)

WE VALUE THE GIFT OF LIFE - ONE WEEK AFTER CONCEPTION

Dear Spiritual Friends, my life started one week ago at my conception, but so many amazing changes are happening. During this week, the cells that form one of the structures through which my mother supplies me with food started to develop. Also, the cells that form the amnion are growing. I will stay inside the amnion until I am born. Please pray to Our Lady of Guadalupe for my life and the well-being of my mother. *I too am a mortal like everyone else, and a descendant of the first man formed from the earth. I was molded into flesh inside a mother's womb. (Wisdom 7:1)*

WE VALUE THE GIFT OF LIFE – TWO WEEKS AFTER CONCEPTION

Dear Spiritual Friends, my life started two weeks ago at my conception and wonderful developments are taking place. The placenta is starting to form (that's what keeps me growing and healthy...) and so are the cells that make up my organs, nervous system, skeleton, connective tissue and most muscles. I am about two and a half times bigger than I was a week ago and growing fast! Did you know that Our Lady of Guadalupe is the known as the "Protectress of the Unborn." Please pray to Our Lady for my life! *"Thus, says the Lord, your redeemer, who formed you from the womb, I am the Lord, who made all things, who alone stretched out the heavens..."* (Isaiah 44:24)

WE VALUE THE GIFT OF LIFE – THREE WEEKS AFTER CONCEPTION

Hello spiritual friends, I was conceived three weeks ago. My heart is taking shape and the Lord has so much love for me. My brain, spinal cord and bone formation are beginning to develop. My skeleton is also taking shape. Did you know that the word “fetus” is Latin for “little one”? Please pray for my mom and ask Our Lady of Guadalupe to intercede for my life. *“My very self you knew; my bones were not hidden from you, when I was being made in secret, fashioned as in the depths of the earth.”* (Psalm 139:14-15)

WE VALUE THE GIFT OF LIFE – FOUR WEEKS AFTER CONCEPTION

Dear Spiritual Friends, three weeks and one day after my life started at conception, my heart started to beat. It is too quiet to hear, but God knows it is beating. With the right equipment the contractions of my heart can be seen. My eyes are forming and my limbs are growing, too. I am 10,000 times bigger than I was at conception. Pope John Paul II referred to Our Lady of Guadalupe as the “Mother of all America” – please pray to her for my mom’s health and for my life. *“Thus says the Lord who made you, your help, who formed you from the womb; fear not ...”* (Isaiah 44:2)

WE VALUE THE GIFT OF LIFE – FIVE WEEKS AFTER CONCEPTION

Hello Friends, during this week alone, I doubled in size. My mom had an ultra-sound today and could see my head and spinal column. The umbilical cord that connects me to my mom is transporting oxygen and nutrients to me now. My hands and feet are starting to develop and my heart has two chambers. The main air passages are present in my lungs and the hemispheres that make up my brain are growing. Though my conception was only five weeks ago, I now have intestines, an appendix and a pancreas. Please pray to Our Lady of Guadalupe for my mom's well-being and my life. *Jesus said "...I came so that they might have life and have it more abundantly."* (John 10:10)

WE VALUE THE GIFT OF LIFE – SIX WEEKS AFTER CONCEPTION

Hi My Spiritual Friends! It has only been six weeks since my conception and doctors detected my brain waves this week. I am starting to move a little bit, too. My fingers and toes are forming, as are my ears, nose and elbows. Sometimes my mom feels a little pain in her back and stomach, but that is normal. My mom is feeling uncomfortable and has morning sickness. Please continue to pray to our Lady of Guadalupe, Mother of all America for my mom and my life. *“He asked life of you; and you gave it to Him ...”* (Psalms 21:5)

WE VALUE THE GIFT OF LIFE – SEVEN WEEKS AFTER CONCEPTION

Dear Spiritual Friends, I was conceived seven weeks ago and have changed so much. I really look like a little person now – even though I am tiny. I am about one inch long. Did you know that seven weeks after conception, unborn babies swim around using “swimmer strokes” to move. I like to swim, but my mom won’t be able to feel me moving for several more weeks. My mom is gaining a little more weight and her blood volume is increasing to protect her from injury. Did you know that Mary, Our Lady of Guadalupe appeared to St. Juan Diego on several occasions in 1531? Please pray to Our Lady of Guadalupe for us. *“Children too are a gift from the Lord, the fruit of the womb, a reward...”* (Psalm 127:3)

WE VALUE THE GIFT OF LIFE – EIGHT WEEKS AFTER CONCEPTION

Hi Friends, I was conceived eight weeks ago and I am about 1 ½ inches long. I grew a half an inch since last week. It is fun to move around and I am learning how to swallow, too. On an ultrasound you might catch me hiccupping. My taste buds and teeth buds are forming and sometimes I open my mouth. My mom is gaining a little more weight and is starting to think about getting maternity clothes. Please pray to Our Lady of Guadalupe for us. *“Did He not create them in the womb like me, the same God forming us in the womb?”* (Job 31:15)

WE VALUE THE GIFT OF LIFE – NINE WEEKS AFTER CONCEPTION

Dear Spiritual Friends, I was conceived nine weeks ago and continue to grow very rapidly. In three weeks, I will be twice as big! I am about 2 ½ inches long and have fingernails. While my gender was determined at my conception, now it may be possible to tell whether I am a boy or girl by looking at me. My mother is noticing more changes in her body, too. Please pray to Our Lady of Guadalupe for us. *“And now, bless the God of all who has done wondrous things on earth, who fosters men’s growth from their mother’s womb, and fashions them according to his will.”* (Sirach 50:22)

WE VALUE THE GIFT OF LIFE – TEN WEEKS AFTER CONCEPTION

Hello Spiritual Friends, my life started at my conception ten weeks ago and every organ system is in place. My little feet are perfectly shaped and I have my own distinct fingerprints. It is now possible to hear my heartbeat with a Fetal Doppler Heart Monitor and I am moving so much. I mimic breathing with my lungs and will even grasp an object placed in my hand. I open my mouth and wiggle my fingers and toes. My mother is not bothered by morning sickness as much now. Please pray to Our Lady of Guadalupe for us. *“The beginning of wisdom is fear of the Lord, which is formed with the faithful in the womb.”* (Sirach 1:12)

WE VALUE THE GIFT OF LIFE – ELEVEN WEEKS AFTER CONCEPTION

Dear Spiritual Friends, I was conceived eleven weeks ago and continue to grow rapidly. I am twice as big as I was four weeks ago - about the size of a peach! My little face is so cute and my ears are now in place. My mother is starting to lose her waist, but she is eating well and exercising to stay healthy for us. Please pray to Our Lady of Guadalupe who is the Protectress of the Unborn for my mom and me! *Jesus told her “I am the resurrection and the life... everyone who lives and believes in me will never die.”* (John 11:25)

WE VALUE THE GIFT OF LIFE – TWELVE WEEKS AFTER CONCEPTION

Dear Spiritual Friends, twelve weeks ago, I was conceived. I am really moving around now and I change position as many as twenty times an hour. My mother cannot feel me yet, but she can see me moving around on an ultrasound. If my mom wants to, she could find out if I am a boy or girl. My face is so well formed now that it is possible to notice family resemblances. When Our Lady of Guadalupe appeared to St. Juan Diego she asked that a small chapel be built at the place of her appearance. Please pray to Our Lady of Guadalupe the Protectress of the Unborn for my mom and me. “*For the spirit of God has made me, the breath of the Almighty keeps me alive.*” (Job 33:4)

WE VALUE THE GIFT OF LIFE – THIRTEEN WEEKS AFTER CONCEPTION

Hello Spiritual Friends, thank you for praying for me and watching my development. Life is truly a gift from our creative, loving God. This is week thirteen of my development and I am about four inches long. On an ultrasound, you could watch me sucking my thumb. My mother's doctor advised her not to sleep on her back or stomach – doing so would put too much pressure on her uterus. Please pray to Our Lady of Guadalupe the Protectress of the Unborn for my mom and me. *“Honor your mother, and do not abandon her as long as she lives... Remember ... she went through many trials for your sake while you were in her womb.”* (Tobit 4:3-4)

WE VALUE THE GIFT OF LIFE – FOURTEEN WEEKS AFTER CONCEPTION

Hello Spiritual Friends, it has been fourteen weeks since I was conceived. I am almost five inches long and my legs are now longer than my arms. When I am awake, I move my arms and legs a lot. My mom felt a fluttering in her stomach today – she doesn't know it, but that was me! My mother's doctor encourages her to enjoy frequent, healthy snacks throughout the day to keep us healthy. Please pray to Our Lady of Guadalupe the Protectress of the Unborn for my mom and me. *Before I formed you in the womb I knew you; before you came to birth I consecrated you; I appointed you as prophet to the nations.* (Jeremiah 1:5)

WE VALUE THE GIFT OF LIFE – FIFTEEN WEEKS AFTER CONCEPTION

Hello Spiritual Friends, it has been fifteen weeks since I was conceived. My weight doubled in the last two weeks and my body started to produce baby fat this week. Fat is very important for my heat production and metabolism. My eyebrows have formed and my hairline is also visible. For several weeks now, I have had all the body parts required to experience pain. Please pray to Our Lady of Guadalupe the Protectress of the Unborn for my mom and me. *On you I have relied since my birth, since my mother's womb you have been my portion, the constant theme of my praise.* (Psalm 71:6)

WE VALUE THE GIFT OF LIFE – SIXTEEN WEEKS AFTER CONCEPTION

Hello Spiritual Friends, my mom felt me move for the first time this week! I do kicks and summersaults. On an ultrasound, my mom could see me wiggle my fingers and toes. I move around a lot and I am getting bigger all the time. Please pray to Our Lady of Guadalupe the Protectress of the Unborn for my mom and me. Did you know that when Our Lady of Guadalupe appeared to Saint Juan Diego she wore the “sash of pregnancy” around her waist? Our Lady always brings her Son Jesus to the world. *[M]ale and female he created them. God blessed them, saying: “Be fertile and multiply; fill the earth and subdue it.”* (Genesis 1:27-28)

WE VALUE THE GIFT OF LIFE – SEVENTEEN WEEKS AFTER CONCEPTION

Hello Spiritual Friends, thank you for your continued prayers. My life started at my conception seventeen weeks ago and I weigh 7 ounces. I am about six inches long and move around a lot, especially when my mom is resting. My mom is taking good care of us by eating several small, healthy meals a day. Please pray to Our Lady of Guadalupe the Protectress of the Unborn for my mom and me. *Preserve my life and rescue me; do not let me be disgraced, for I trust in you.* (Psalms 25:20)

WE VALUE THE GIFT OF LIFE – EIGHTEEN WEEKS AFTER CONCEPTION

Hello Spiritual Friends, my mom and I are halfway through the pregnancy. What a wonderful milestone! Thank you for all of your prayers to God for my life and the gift of life. This week my mother was able to hear my heartbeat with a stethoscope when she was at the doctor's office. My heartbeat is quiet and very fast – about 120 to 160 beats per minute. Please continue to pray to Our Lady of Guadalupe for us. *Take up my cause and redeem me; for the sake of your promise give me life.* (Psalm 119:154)

WE VALUE THE GIFT OF LIFE – NINETEEN WEEKS AFTER CONCEPTION

Hello Spiritual Friends, thank you for caring about my life. Let me you tell about the new things I am doing ... I know how to swallow now and my digestive system is able to absorb some of the nutrients that I swallow, like sugar and water. I weigh about 10 ½ ounces and I am 7 ¼ inches long. For several weeks, I have had all the systems necessary to experience pain. Please pray to Our Lady of Guadalupe for my mom and me. God bless you! *Your eyes foresaw my actions; in your book all are written down; my days were shaped, before one came to be.* (Psalm 140:16)

WE VALUE THE GIFT OF LIFE – TWENTY WEEKS AFTER CONCEPTION

Dear Spiritual Friends, I was conceived 20 weeks ago and this week I became very interested in outside sounds. On an ultrasound you could watch my reaction to music, sudden noises and voices. I especially like to hear my mommy's voice. I react with pleasure to pleasant things like pats to my mom's tummy and become visibly stressed out to upsetting external noises or stimuli. When Pope John Paul II visited the Basilica of Our Lady of Guadalupe in Mexico City he prayed "May the Continent of Hope also be the Continent of Life." Please continue to pray to Our Lady of Guadalupe for my life. God blesses you! *For at the moment the sound of your greeting reached my ears, the infant in my womb leaped for joy!* (Luke 1:44)

WE VALUE THE GIFT OF LIFE
TWENTY-ONE WEEKS AFTER CONCEPTION

Hello Spiritual Friends, thank you so much for your concern about my life and my mother's well being. My lungs will continue to develop and there will be an increase in connections in my brain, but no new parts or body systems need to develop from this point on. I will just be growing and gaining weight, until I am born. I am truly a little wonder and an amazing creation of God. Please continue to pray to Our Lady of Guadalupe for my mom and me. *Though I walk in the midst of dangers, you guard my life when my enemies rage. You stretch out your hand; your right hand saves me.* (Psalm 138:7)

WE VALUE THE GIFT OF LIFE
TWENTY-TWO WEEKS AFTER CONCEPTION

Dear Spiritual Friends, God bless you. Thank you for your concern for my life and my mommy's well being. I am twenty-two weeks along and weigh about 1 ¼ pounds now. I am around eight inches long – so tiny, but so full of life! As you know, I enjoy listening to pleasant sounds like my mommy's voice and soothing music. While I still move around, it is getting a little cramped in here and I can't easily do summersaults anymore. Our Lady of Guadalupe, Mother of America welcomes your prayers, please to her for my mom and me. *You will show me that path of life, abounding joy in your presence, the delights at your right hand forever.* (Psalm 16:11)

WE VALUE THE GIFT OF LIFE
TWENTY-THREE WEEKS AFTER CONCEPTION

Dear Spiritual Friends, do you know what viable is? When a baby can survive outside of the mother's womb, the baby is viable. I was conceived twenty-three weeks ago and babies born even earlier in a pregnancy have lived. In 1985, one little girl by the name of Kenya King was born nineteen weeks after conception – that's a little more than 4 ½ months after her life began at conception. Kenya was viable. Medical science can do amazing, life giving things. Please continue to pray to Our Lady of Guadalupe for my life and my mommy's well-being. God bless you. *Keep me as the apple of your eye; hide me in the shadow of your wings from the violence of the wicked.* (Psalm 17:8-9)

WE VALUE THE GIFT OF LIFE
TWENTY-FOUR WEEKS AFTER CONCEPTION

Hello Spiritual Friends, it has been twenty-four weeks since my conception. I weigh about two pounds and I am about 9 ¼ inches long. During this week, my eyelids reopened and I developed a blink/startle reaction to loud noises. I can do summersaults using step like motions with my feet, too. When Our Lady appeared to St. Juan Diego, she miraculously left her image on his tilma or cloak. Please continue to pray to Our Lady of Guadalupe for my life and my mom's well being. *May the Lord bless you from Zion, all the days of your life that you may share Jerusalem's joy and live to see your children's children.* (Psalm 128:5-6)

WE VALUE THE GIFT OF LIFE
TWENTY-FIVE WEEKS AFTER CONCEPTION

Hello Spiritual Friends, my life began 25 weeks ago at conception and I am officially in my third trimester. During this trimester, my brain will grow at an astounding rate! The weight of my brain will increase between 400 – 500%. My total height from head to toe is 15 ¼ inches and I weigh a little more than two pounds. My mother can feel me move when I am active and this helps us to bond with each other. Please continue to pray to Our Lady of Guadalupe for my life and my mommy's well being. *The fruit of virtue is a tree of life, but violence takes lives away.* (Proverbs 11:30)

WE VALUE THE GIFT OF LIFE
TWENTY-SIX WEEKS AFTER CONCEPTION

Dear Spiritual Friends, my life began at my conception 26 weeks ago. I have been viable for several weeks now and most recently I developed a sense of taste and smell. If you placed a sweet substance in my amniotic fluid, I would swallow more. However, if you put a bitter tasting substance in my amniotic fluid, I would swallow less. My facial expression shows my displeasure at bitter tasting things. Please continue to pray to Our Lady of Guadalupe for my life and my mom's well-being. *Let those who seek my life be put to shame and disgrace. Let those who plot evil against me be turned back and confounded.* (Psalm 35:4-5)

WE VALUE THE GIFT OF LIFE
TWENTY-SEVEN WEEKS AFTER CONCEPTION

Hello Spiritual Friends, I was conceived 27 weeks ago and I continue to grow very quickly. I weigh over 2 ½ pounds and my total length is approximately 16 ¾ inches. I am getting chubbier and the extra baby fat helps to keep my body temperature regulated and provides me with stored energy. My eyes continue to develop and this week, the pupils of my eyes started to respond to light. Please pray to Our Lady of Guadalupe, Mother of America for my life and my mom's well being. Please also pray that all people will embrace a culture of life. *God did not make death, nor does he rejoice in the destruction of the living.* (Wisdom 1:13)

WE VALUE THE GIFT OF LIFE
TWENTY-EIGHT WEEKS AFTER CONCEPTION

Dear Spiritual Friends, my life began at my conception 28 weeks ago. I am getting bigger and chubbier. Every week I develop new abilities – now I can tell the difference between high and low sounds. I weigh about 3 pounds and I am 17 inches long. My mother will gain between 25 – 34 pound during this pregnancy. From now until I am born, she will gain about one pound per week. Please pray to Our Lady of Guadalupe for my life and my mom's well being. *O God, by your name save me. By your strength defend my cause.* (Psalm 54:3)

WE VALUE THE GIFT OF LIFE
TWENTY-NINE WEEKS AFTER CONCEPTION

Hello Spiritual Friends, I was conceived 29 weeks ago and I am into my third trimester. I weigh about three and one-half pounds and am over 17 inches long. My central nervous system continues to develop and this is shown in many ways; for example, I have definite periods of rest and periods of activity. My mom is feeling pretty big now and has a hard time believing that we have 10 more weeks to go, but I will continue to grow! Please pray to Our Lady of Guadalupe for my life and my mom's well being. *God is present as my helper, the Lord sustains my life.* (Psalm 54:6)

WE VALUE THE GIFT OF LIFE
THIRTY WEEKS AFTER CONCEPTION

Hello Spiritual Friends, thirty weeks ago a new life started at conception – mine! God set wonderful things into motion and since that first moment until now, I have gained four pounds and grown close to 19 inches in total length. On a 3D ultra-sound you could watch me yawn, stretch, swallow and hiccup. At this stage in our pregnancy my mom needs to go to the doctor every two weeks. Please pray to Our Lady of Guadalupe the Protectress of the Unborn for my life and my mom's well being. Pray for my life, protect my life and defend my life. *Just as you know not how the breath of life fashions the human frame in the mother's womb, so you know not the work of God which he is accomplishing in the universe.* (Ecclesiastes 11:5)

WE VALUE THE GIFT OF LIFE
THIRTY-ONE WEEKS AFTER CONCEPTION

Hello Spiritual Friends, my life started 31 weeks ago at my conception. I am now 4 ½ pounds and my total length is nearly 19 ½ inches! I make breathing movements between 30 – 40 % of the time. I can hear, taste, touch, cough, yawn and look around. Right now my grip is actually stronger than it will be after I am born. My mom is gaining weight faster now than at any other phase of our pregnancy, but she is not the one putting on most of the weight, I am! If you look carefully at the miraculous image Our Lady of Guadalupe left on St. Juan Diego's tilma, you can see that she is pregnant. Please pray to Our Lady of Guadalupe Protectress of the Unborn for my life and my mom's well being. Pray for my life, protect my life and defend my life. *Lord my God, in you I take refuge, rescue me; save me from all who pursue me, Lest they maul me like lions, tear me to pieces with none to save.* (Psalm 7:2-3)

WE VALUE THE GIFT OF LIFE
THIRTY-TWO WEEKS AFTER CONCEPTION

My Dear Spiritual Friends, 32 weeks ago my life started at conception. I weigh 5 pounds – a real milestone! My total length is 19 ¾ inches. My lungs are developing true alveoli, or air pockets, and these will continue to develop until I am about 8 years old. While my breathing is developing, my mom's is becoming more difficult – that's because I am taking up more room. Our Lady of Guadalupe is the Protectress of the Unborn, please pray to her for my life and my mom's well being. Pray for my life, protect my life and defend my life. *For thus says the Lord God, the Holy One of Israel: By waiting and by calm you shall be saved, in quiet and in trust your strength lies.* (Isaiah 30:15)

WE VALUE THE GIFT OF LIFE
THIRTY-THREE WEEKS AFTER CONCEPTION

Hello Spiritual Friends, my life started at my conception 33 weeks ago. I am putting on a lot of baby fat now and weigh 5 ½ pounds. I am 20 ¼ inches long. I am gaining weight to keep me warm after I am born. I have been viable, or able to survive outside of the womb, for many weeks now, but I remain inside what should be the safest place on earth – my mother’s womb. My mom is feeling very big and is anxious about my arrival. Please keep us in your prayers and ask for the intercession of Our Lady of Guadalupe the Protectress of the Unborn. Pray for my life, protect my life and defend my life. *I have told you this so that you might have peace in me. In the world you will have trouble, but take courage, I have conquered the world.* (John 16:3)

WE VALUE THE GIFT OF LIFE
THIRTY-FOUR WEEKS AFTER CONCEPTION

Dear Spiritual Friends, 34 weeks ago my life began at my conception and I am getting closer to my birth. I weigh 6 pounds and am 20 ¼ inches in total length. It's time for my mom to find a pediatrician for me and to finish my nursery. We are only four weeks away from my arrival date. My lungs are getting stronger and I practice breathing movements more frequently now. I have my head down and I will stay that way until I am born. My mom is getting a suitcase packed for our trip to the hospital for my delivery. It is hard for her to eat much now, because I am big. Please keep us in your prayers and ask for the intercession of Our Lady of Guadalupe the Protectress of the Unborn. Pray for my life, protect my life and defend my life. *Then the children were brought to him that he might lay his hands on them and pray. The disciples rebuked them, but Jesus said, "Let the children come to me and do not prevent them; for the kingdom of heaven belongs to such as these."* (Matthew 19:13-14)

WE VALUE THE GIFT OF LIFE
THIRTY-FIVE WEEKS AFTER CONCEPTION

My Dear Spiritual Friends, my life started 35 weeks ago at my conception and I am only a few short weeks away from my birth. I weigh 6 ½ pounds and I am 21 inches in total length. From this point forward, I am considered “full term” and I could be born at any time now without medical concern. My mom goes to the doctor every week and she does not feel like eating much. It is important for her to eat small healthy meals to keep us both well. Some times when people place a hand on an image of Our Lady of Guadalupe, they can feel the heart beat of Jesus in her womb. Please keep us in your prayers and ask for the intercession of Our Lady of Guadalupe the Protectress of the Unborn. Pray for my life, protect my life and defend my life. *Hear me, O coastlands, listen, O distant peoples. The Lord called me from birth, from my mother’s womb he gave me my name.* (Isaiah 49:1)

WE VALUE THE GIFT OF LIFE
THIRTY-SIX WEEKS AFTER CONCEPTION

Hello Spiritual Friends, I am 36 weeks along in my life – just two more weeks until I am born. I weigh 6 $\frac{3}{4}$ pounds and I am about 21 inches long. I am gaining about an ounce a day. My lungs are developing surfactant now, which helps the alveoli expand. I am using my lungs to practice breathing and get the hiccups frequently. My mom can feel these little jumps! My mom's doctor is encouraging her to rest as much as possible now so she is ready for me. Please keep us in your prayers and ask for the intercession of Our Lady of Guadalupe the protector of the unborn. Pray for my life, protect my life and defend my life. *Thus says the Lord God: See, I will lift up my hand to the nations, and raise my signal to the peoples; They shall bring your sons in their arms and your daughters shall be carried on their shoulders.* (Isaiah 49:22)

WE VALUE THE GIFT OF LIFE
THIRTY-SEVEN WEEKS AFTER CONCEPTION

Hello Spiritual Friends, 37 weeks ago my life started at conception. I am an amazing creation of God and I will be born in one week. I weigh a little more than seven pounds and I am close to 21 ½ inches long. All of my organs, including my lungs are ready for birth now. My immune system is gaining strength at this point to protect me once I am outside of my mother's womb. My mom is feeling really ready for me to be born. Please keep us in your prayers and ask for the intercession of Our Lady of Guadalupe the Protectress of the Unborn. Pray for my life, protect my life and defend my life. *My love shall never leave you nor my covenant of peace be shaken says the Lord, who has mercy on you ... All your sons shall be taught by the Lord, and great shall be the peace of your children.* (Isaiah 54:13)

WE VALUE THE GIFT OF LIFE
THIRTY-EIGHT WEEKS AFTER CONCEPTION

My Dear Spiritual Friends, my life started 38 weeks ago at my conception. My mom does not know it yet, but today will be my birthday. I will start labor by releasing large amounts of a hormone called estrogen and thus begin the transition from life inside the womb to newborn. Thank you for following my development and thank you for your prayers. Please continue to pray for the lives of the unborn and ask for the intercession of Our Lady of Guadalupe, Mother of America for an end to abortion. Pray for life, protect life and defend life. *When a woman is in labor, she is in anguish because her hour has arrived; but when she has given birth to a child, she no longer remembers the pain because of her joy that a child has been born into the world.* (John 16:21)
